

Lyagoshina, 18, model. When does making yourself "beautiful" become too extreme? When people don't connect with their eyes... What is your favorite eye makeup? Always be yourself, don't try too hard and don't take yourself too seriously. How has social media affected our ideas of beauty today? It's not too late to change. If you go overboard, always be yourself, it's part of my job, but you can lose yourself. If you only worry about what others think of you, it's not your life. What is your favorite eye makeup? "Eyes are very important. They can express everything without saying a word."
