DOUBLE-BI
The silhouettes of double-breasted jackets are as classic as they are timeless. The new season's take on this style is more structured, with a defined waistline and a slightly longer length. The fabric is also more varied, with a mix of textures and patterns. The color palette is more muted, with shades of grey, blue, and brown. The overall look is sophisticated and refined.

TRENDS: PSYCHEDELIC
Skull motifs are a recurring theme in the new season's menswear. They appear on everything from t-shirts and hoodies to jackets and trousers. The designs are often more subtle and artistic, with a focus on texture and pattern. The color palette is more vibrant, with shades of red, orange, and yellow. The overall look is bold and expressive.
